Note on Polished and Velvet surface finish / Nota sulla finitura Lappata e Velvet. pag.92

The Polished and Velvet finishes are suitable for residential or low-traffic commercial floors, where no anti-slip performance is required. If the product is in direct contact with the outdoors, moisture and dirt absorption devices must be used to prevent scratching. The glossy Polished finish offers a surprisingly bright, mirrored surface with slight irregularities typical of natural marbles. The surface's shine and great ease of cleaning are the result of in-depth studies and technical research aimed at ensuring its durability over time. The Velvet surface replicates the effect of semi-Polished marble. It has a velvety touch and silky highlights. The natural character of the surface is highlighted by areas of different opacity perceptible in oblique or reflected light. Le finiture Lappata e Velvet sono indicate per pavimenti residenziali o commerciali poco sollecitati, laddove non siano richieste prestazioni antiscivolo. Se il prodotto è a diretto contatto con l'esterno, prevedere dei dispositivi di assorbimento dell'umidità e dello sporco per prevenire la formazione di graffi. La finitura Lappata lucida offre una superficie sorprendentemente brillante e specchiante, con lievi irregolarità tipiche dei marmi naturali. La lucentezza e l'elevata facilità di pulizia della superficie sono frutto di studi approfonditi e accurate ricerche tecniche volte a garantirne la persistenza nel tempo. La superficie Velvet replica l'effetto di un marmo levigato. Si distingue per la mano vellutata e per i riflessi semi-opachi. La naturalezza della superficie è evidenziata da zone di diversa opacità percettibili in luce radente o riflessa.

Metal insert. We recommend use of a neutral detergent. Do not use acid, alkaline or waxing products or metal scouring pads. Detergents may cause a light loss of colour of the metallic insert, due to either repetitive use or too long contact time.
