KORA reinterprets cotto from a contemporary perspective. In a 22.3×22.3 cm format, it brings back the warmth of traditional clay through two key tones —Clay and White— accompanied by a natural texture thanks to Shaped Tech, and a colored pattern that broadens the possibilities for composition. Layer Tech technology provides contrast between matte and glossy areas, creating light effects that add depth and movement to each piece. KORA is born from the meeting of earth and geometry: a precise, honest, and richly textured collection that preserves an organic spirit.

KORA reinterpreta el cotto desde una perspectiva contemporánea. En un formato de 22,3 × 22,3 cm, recupera la calidez de la arcilla tradicional a través de dos tonos clave —Clay y White—, acompañados de una textura natural gracias a la tecnología Shaped Tech y de un patrón en color que amplía las posibilidades de composición. La tecnología Layer Tech aporta contraste entre zonas mates y brillantes, creando efectos de luz que añaden profundidad y movimiento a cada pieza. KORA nace del encuentro entre la tierra y la geometría: una colección precisa, honesta y rica en textura, que conserva un espíritu orgánico.
